Ukrainian Institute of Linguistics and Management

Ozharovska Marianna

Senior Product / UI/UX Designer

FinTech • Enterprise • B2B Products • 14+ years

Summary

Senior UI/UX Designer with 14+ years of experience designing complex B2B and enterprise products across FinTech, Healthcare, and Travel domains. Focused on simplifying complex workflows, building scalable design systems, improving usability and decision-making. Experienced in AI-driven design workflows.

Experience

Senior UI/UX Designer

DataArt | Feb 2012 – Present

- Led end-to-end UX/UI design for complex B2B and enterprise products in FinTech, Travel, and Healthcare domains
- Designed and optimized complex user flows, improving usability and reducing cognitive load
- Streamlined key user journeys by reducing steps and increasing task efficiency
- Built and maintained scalable design systems, including reusable components and interaction patterns
- Collaborated with Product Owners, Business Analysts, and engineering teams to align UX with business and technical requirements
- Used interactive prototyping and AI-assisted workflows to accelerate discovery, validation, and delivery

UI Designer / Graphic Designer

Freelance | Nov 2009 – Feb 2012

- Delivered end-to-end design for web, e-commerce, and branding projects
- Designed conversion-focused interfaces using usability principles
- Created UI systems and interaction patterns across projects

UI Designer

StarWind Software Inc. | Apr 2009 – Nov 2009

- Designed user interfaces for web and desktop enterprise applications with a focus on usability and clarity
- Created diagrams, icons, and visual assets
- Produced structured documentation and case studies

UI Designer

P5 Commerce | Feb 2008 – May 2009

- Designed interfaces for banking apps and payment systems
- Created UI components and prototypes
- Improved usability in transactional flows
